

BukigaiNurserySchool

Bukigai Day Nursery School – Uganda

This project was started when the government of Uganda made a regulation stating that any Christian organization that was operating in the country must run a charitable activity such as a school or clinic.

Working closely with the CBM, AinA supports this nursery school, which runs out of the Mt. Elgon Christadelphian Ecclesial Hall. There are 3 Christadelphian teachers and 90 needy children, many of whom are orphans.

Through the school, AinA provides a full nutrition program including breakfast and lunch (which they would otherwise go without), education (which they may otherwise go without), uniforms and shoes and most of all, a chance to learn about God and His plan and purpose with the earth.

The school is running well and has helped the children tremendously. They are now full of energy and enthusiastic to learn. Not only that, but the Christadelphians have become very well known in the area. As a result of the school's good reputation, enrolment at the school has had to be restricted. Families involved at the school are encouraged to attend activities at the ecclesia.

Similar to child sponsorship, we have ongoing sponsors for the school who support the children as a group. Sponsorship is \$30 per month. Sponsors received regular updates, photographs and correspondence from the children and teachers at the school.

For more information on this project or to request a short DVD focused on the Bukigai Day Nursery School, please contact us at agapeinaction@rogers.com or (519) 837-9094.
